

Bamboo Composite Decking Limited Warranty

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

Ambient Bamboo Products, Inc. ("Ambient") warrants to the original end-user purchaser that, for the applicable warranty period stated below, the covered product(s) described below (the "Product(s)") will be reasonably free of defects in materials and workmanship, and that when properly handled and installed, will conform, within accepted tolerance, to applicable manufacturing specifications. This Limited Warranty only applies to Products which are used, stored, handled, and installed in the manner recommended by Ambient, as further described below. The scope of Products covered by this Limited Warranty is limited solely to decking and related decking moldings, trim and stair pieces.

Covered Products and Warranty Periods

When installed in a residential location, and to the extent the location continuously retains its exclusively residential, non-commercial use, Ambient provides a "same-owner structural warranty," meaning that Ambient warrants that its pre-finished composite decking will not experience structural defects for as long as the original end-user purchaser maintains a continuous ownership interest in the residential structure in which the Product was originally installed. When installed in a commercial or otherwise non-residential location, Ambient provides a "fifteen year same owner structural warranty," meaning that Ambient warrants that its pre-finished composite decking will not suffer from structural defects for a period equal to the lesser of: fifteen (15) years immediately following the date of initial delivery by Ambient, or the period during which the original end-user purchaser maintains a continuous ownership interest in the structure in which the Product was originally installed. If the Product is installed in a residential setting but the setting is thereafter put to a commercial or non-residential use, the warranty period shall then be the lesser of: fifteen (15) years immediately following the date of initial delivery by Ambient, or the period during which the original end-user purchaser maintains a continuous ownership interest in the structure in which the Product was originally installed.

Ambient warrants that its decking Products shall be free of manufacturing defects caused by improper milling, grading, staining or coating for one (1) year immediately following the date of original delivery by Ambient. Milling, grading, staining or coating variations or errors of five percent (5%) or less of industry standard shall not be a manufacturing defect for these purposes.

Ambient warrants that its decking moldings and trim shall be free of defects in their structure or finish for ninety (90) days following the date of initial delivery by Ambient.

Ambient will, at its option, repair or replace Products without charge if the Products fail or do not perform as warranted within the applicable warranty period, subject to the exclusions set forth in this Limited Warranty. Repair or replacement during the applicable warranty period shall not include any labor charges to repair or remove the defective product, nor shall it include costs associated with removal, repair or

replacement of fixtures or hardware. Ambient's obligation to repair or replace shall further be limited to repair or replacement with the styles, types, and colors of the Product that are available at the time of the repair or replacement, and shall be limited to the repair or replacement of only the specific Product that does not conform to the Limited Warranty. Any repaired or replaced Product shall remain subject to the original warranty period from the date of the original delivery by Ambient, and any repair or replacement shall not extend the original warranty period in any manner, or start a new warranty period.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO SOME OR ALL OF THE ABOVE TIME LIMITATIONS MAY NOT APPLY TO YOU.

No Transfer of Warranty

This Limited Warranty extends only to the person or entity that owns the structure in which the Product is first installed after its purchase from Ambient, and only to the extent such first installation is completed within eighteen (18) months after Ambient initially delivers the Product. In all cases, the warranty period shall extend and be calculated from the date on which delivery is first made by or taken from Ambient. For example, if an end user purchases the Product directly from Ambient and installs it (within 18 months after initial delivery) in a structure owned by that end user, the warranty period shall extend and be calculated from the date on which the end user takes delivery of the Product from Ambient. If an end user purchases the Product from a retailer and installs the Product in a structure owned or leased by that end user, the warranty period shall extend and be calculated from the date on which the retailer takes delivery of the Product from Ambient, and only to the extent the end user submits to Ambient proof of the date of purchase from the retailer, and of the date of installation (which must be within 18 months after Ambient delivered the Product to the Retailer).
